INFORMATION CIRCULAR

PROXIES

Solicitation of Proxies

This circular is provided in connection with the solicitation by management of Boyd Group Income Fund (the “Fund”) of proxies to be used at the Annual Meeting (the “Meeting”) of Unitholders of the Fund to be held on Thursday, May 19, 2016 at 5:00 p.m. (local time) at the Victoria Inn Hotel & Convention Centre, 1808 Wellington Avenue, in Winnipeg, Manitoba and for any adjournment thereof.

The solicitation of proxies will be made primarily by mail but proxies may also be solicited by officers, directors, employees or agents of the Fund personally, in writing or by telephone. Unless otherwise stated, the information provided in this Information Circular is given as at April 1, 2016. The total cost of the solicitation will be borne by the Fund.

Appointment and Revocation of Proxies

A form of proxy is enclosed. If it is not your intention to be present in person at the Meeting, you are asked to sign, date and return the proxy in the envelope provided.

The persons named in the enclosed form of proxy as proxyholders are Trustees of the Fund and have indicated their willingness to represent, as proxyholders, the persons who appoint them.

Each person who is the registered holder of units of the Fund (the “Units”) (herein collectively referred to as “Unitholders” or individually as a “Unitholder”) is entitled to appoint a person or company (who need not be a Unitholder) other than the persons designated in the enclosed form of proxy to represent the Unitholder at the Meeting. That right may be exercised by inserting the name of such other person or company in the blank space provided in the enclosed form of proxy or by completing another form of proxy and depositing it in the manner and within the time frame specified below. Unitholders who name another person or company on the proxy to represent them at the Meeting should notify such person or company, obtain that person’s or company’s consent to act as proxy and instruct such person or company how to vote the Unitholder’s Units. The form of proxy should be dated and signed by the Unitholder or by an attorney of the Unitholder authorized in writing in accordance with the notes forming part of the form of proxy.

Pursuant to a Declaration of Trust dated December 16, 2002, which was amended and restated on February 25, 2003, as further amended (the "Trust Declaration"), pursuant to which the Fund was created, Boyd Group Holdings Inc. ("BGHI") is deemed to be a Unitholder and has the right to receive notice of, attend and vote at all meetings of Unitholders and grant proxies for such voting rights, as though, immediately prior to any such meeting, BGHI had been issued and was the registered holder of the number of Units equal to the number of Class A common shares of BGHI ("BGHI Class A Shares") then issued and outstanding. At any meeting of Unitholders, BGHI and any of its designated proxies shall be treated for all purposes as Unitholders, except with respect to quorum requirements and the constitution of a quorum.

Unless otherwise indicated, all references herein to a Unitholder or Unitholders shall include BGHI, in its capacity as a deemed Unitholder under the Trust Declaration and all corresponding references herein to Units, shall include BGHI Class A Shares, where the context so requires.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to the Secretary-Treasurer of the Fund, c/o Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department or via Phone: 1-866-732-8683, or by Internet voting at www.investorvote.com, at least 24 hours prior to the Meeting or any adjournment thereof, failing which the proxy will be invalid.

A Unitholder who has given a proxy may revoke it by depositing with the Secretary-Treasurer of the Fund c/o Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department or via Phone: 1-866-732-8683, another form of proxy bearing a later date or a revocation of proxy, signed by the Unitholder, or an attorney of the Unitholder authorized in writing, prior to the close of business on the last business day prior to the Meeting or any adjournment thereof. The Unitholder may also revoke the proxy and vote in person by depositing such revocation of proxy with the Chairman of the Meeting at the Meeting or any adjournment thereof, or may revoke the proxy in any other manner permitted by law. A Unitholder will be bound by any vote that may have been registered by a duly appointed proxy prior to any revocation of that proxy in the manner described above.

Voting of Proxies

On any ballot that may be called at the Meeting or any adjournment thereof, the persons appointed in the enclosed form of proxy will vote all Units for or against, or will withhold from voting them in accordance with the instruction given with respect to each resolution expressly set out in the form of proxy. **If instruction is not given with respect to any such matter, the Units will be voted FOR such matter.**

The enclosed form of proxy confers discretionary authority upon the persons appointed therein with respect to amendments and variations to matters identified in the Notice of Annual Meeting and Information Circular and with respect to any other matters which may properly come before the Meeting. The Units represented by the proxy will be voted on such matters, in the discretion of and in accordance with the best judgment of, the person voting such Units. As of the date of this Information Circular, management of the Fund knows of no matters to come before the Meeting other than the matters identified in the Notice of Annual Meeting and Information Circular. If any matters which are not now known should properly come before the Meeting, the persons appointed in the proxy will vote on such matters in their discretion, in accordance with their best judgment.

Unless otherwise noted herein, a simple majority of the votes cast at the Meeting, whether by proxy or otherwise, will constitute approval of any matter submitted to a vote.

Record Date and Entitlement to Vote

The Fund will prepare, as at the close of business on April 1, 2016 (the "Record Date"), a list of the registered Unitholders entitled to receive the Notice of Annual Meeting and Information Circular and the number of Units held by each such Unitholder. A holder of Units named in the list is entitled to vote the Units shown opposite such Unitholder's name at the Meeting, except to the extent that such Unitholder has transferred the ownership of any Units after April 1, 2016 and the transferee of those Units establishes ownership of the Units and demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of Unitholders before the Meeting, in which case the transferee is entitled to vote such Units at the Meeting or any adjournment thereof.

On April 1, 2016, 18,043,189 Units of the Fund were issued and outstanding. Each Unit entitles the holder thereof to one vote.

Quorum

A quorum for the Meeting requires at least two (2) Unitholders (not including BGHI) present in person and holding or representing by proxy not less than 5% of all issued and outstanding Units entitled to vote at such meeting. BGHI's entitlement to attend the Meeting and vote thereat in respect of the BGHI Class A Shares is not considered with respect to quorum requirements and constitution of a quorum.

The Trust Declaration authorizes BGHI to appoint one or more proxies with respect to exercising its voting rights at Annual Meetings of the Fund. The bylaws of BGHI provide that BGHI shall grant to each holder of BGHI Class A Shares (“BGHI Shareholder”) a proxy to attend, and exercise voting rights as a Unitholder at meetings of the Fund on the basis of one (1) vote for each BGHI Class A Share held by such BGHI Shareholder, provided that such BGHI Shareholder has provided BGHI with a written acceptance of such proxy together with a written undertaking to jointly elect with BGHI, pursuant to section 85 of the *Income Tax Act* (Canada) (the “Tax Act”), in prescribed form and within the time referred to therein, to have the provisions of section 85(1) of the Tax Act apply to the issuance of BGHI Class A Shares.

Principal Holders of Units

To the best of the knowledge of the Trustees and executive officers of the Fund, no persons or corporations beneficially own, directly or indirectly, or exercise control or direction over, Units carrying 10% or more of the voting rights attached to the Units.

As at April 1, 2016, there were 234,639 BGHI Class A Shares issued and outstanding, representing approximately 1.3% of all votes attached to the Units and to the BGHI Class A Shares which can be voted at the Meeting.

To the best of the knowledge of the Trustees and executive officers of the Fund, as at April 1, 2016, 4612094 Manitoba Inc. (“4612094”) owned 107,329 BGHI Class A Shares which, as at April 1, 2016, represented approximately 0.6% of all votes attached to the issued and outstanding Units and votes of BGHI in respect of the issued and outstanding BGHI Class A Shares. 4612094 is controlled by Brock Bulbuck (President and CEO of the Fund, BGI and BGHI) and members of his family.

BUSINESS OF THE ANNUAL MEETING

APPOINTMENT OF TRUSTEES

The Trust Declaration requires that the Fund have a minimum of three (3) Trustees and a maximum of ten (10) Trustees. The Board of Trustees currently consists of seven (7) Trustees with all seven (7) standing for re-election.

The Trust Declaration also requires that the majority of the Trustees be residents of Canada within the meaning of the Tax Act. Of the current seven Trustees of the Fund, four (57%) are residents of Canada within the meaning of the Tax Act.

Election of Trustees by Unitholders

Trustees can be reappointed or replaced every year as may be determined by a majority of votes cast at the Annual Meeting of the Unitholders. The Trust Declaration provides that subject to its terms and conditions, the Trustees may exercise from time to time, in respect to the assets and investments of the Fund, any and all rights, powers and privileges that could be exercised by a legal and beneficial owner thereof. The Trustees are responsible for, among other things: (i) the supervision of the activities, investments and affairs of the Fund; (ii) acting for, voting on behalf of and representing the Fund as a shareholder of The Boyd Group Inc. ("BGI") and BGHI and a holder of Notes (as hereinafter defined); (iii) maintaining records and providing reports to Unitholders; and (iv) effecting the payment of distributions to Unitholders in accordance with the terms and conditions of the Trust Declaration.

A Trustee may resign upon written notice to the Fund and may be removed by a majority of votes cast at a special meeting of Unitholders. The vacancy created by such removal may be filled at that same meeting, failing which it shall be filled by the Trustees.

A quorum of the Trustees, being the greater of two (2) Trustees or a majority of the number of Trustees then holding office, may fill a vacancy in the Board of Trustees, except a vacancy resulting from an increase in the number of the Trustees or from a failure to appoint the minimum number of Trustees fixed by the Trust Declaration. Notwithstanding anything contrary contained in the Trust Declaration, if a majority of the Trustees are not residents of Canada within the meaning of the Tax Act, the Trustees then in office shall appoint such number of resident Canadian Trustees as may be necessary so that a majority of the Trustees are residents of Canada.

The Trustees have fixed by resolution that there will be seven (7) Trustees of the Fund appointed at the Meeting. **The persons appointed in the enclosed form of proxy, unless instructed otherwise, intend to vote for the nominees shown in the following table. All of the nominees set forth in the following tables are currently Trustees of the Fund.**

The Board of Trustees has adopted a majority voting policy stipulating that if the votes withheld from voting for the election of a nominee for Trustee at an Annual Meeting are greater than the number of votes received in favour of the election of such nominee (i.e., the nominee is not elected by at least a majority of 50% +1 vote), the nominee will promptly offer to resign as Trustee. The Governance and Nomination Committee will then review the matter and make a recommendation to the Board whether to accept or reject the resignation offer after considering all factors it deems relevant. The Governance and Nomination Committee will recommend acceptance of the resignation unless there are exceptional circumstances. The Board will make a decision to accept or reject the resignation within 90 days of the applicable Annual Meeting, which decision will then promptly be disclosed to the public. The nominee will not participate in any committee or Board deliberations on the resignation offer unless there are not at least three Trustees who did not receive a majority withheld vote. The policy does not apply in circumstances involving contested Trustee elections.

The following table set forth the result of the vote for the election of Trustees held at the preceding annual meeting in Winnipeg on May 25, 2015:

COMPENSATION DISCUSSION & ANALYSIS

Compensation Governance *Compensation Committee*

The Compensation Committee oversees the major compensation policies of the Fund, BGI and its subsidiaries (the "Subsidiaries"). For the first part of the 2015 fiscal year, up to the 2014 Annual General Meeting held on May 25, 2015, the following independent persons served as Compensation Committee members: Gene Dunn (Chairman), Dave Brown and Walter Comrie. After many years of service, Walter Comrie decided not to stand for re-election in May, 2015. For the second part of the 2015 fiscal year, after the 2014 Annual General Meeting, the following independent persons served as Compensation Committee members: Gene Dunn (Chairman), Dave Brown, Robert Gross and Sally Savoia. Gene Dunn, Dave Brown and Robert Gross have compensation experience as a result of their extensive and varied board activities and through leading their own business enterprises. Ms. Savoia has compensation experience as a result of extensive experience in the area of human resources.

Compensation Committee Responsibilities

The purpose and responsibility of the Compensation Committee is to assist the Board of Trustees in carrying out its responsibilities relating to executive compensation. The Compensation Committee has the following authority: (i) review and approve the Fund's goals and objectives relating to CEO compensation, evaluate the performance of the CEO in light of those goals and review and establish the CEO's annual compensation, including salary, bonus, incentive and equity compensation; (ii) review and approve on an annual basis the evaluation process and compensation structure for the Fund's Executive Vice President and CFO, the President and COO, U.S. Operations and the President, Canadian Operations; including salary, bonus, incentive and equity compensation; (iii) provide oversight of management's decisions concerning the performance and compensation of other officers; (iv) review the Fund's incentive compensation and other unit-based plans, if any, and recommend implementation of or changes in such plans to the Board as needed and submit to the Board recommendations concerning new executive compensation or unit-based plans; (v) make regular reports to the Board, including a report regarding the Compensation Committee's recommendation on the compensation payable by the Fund for service as a Trustee to ensure that the Fund's practices in this regard remain competitive with those of businesses of similar size and scope of operations; (vi) prepare and publish an annual compensation report in the Fund's annual information form and/or proxy circular; (vii) monitor compliance with legal prohibitions on loans to directors or executive officers of the Fund; (viii) retain and terminate consulting firms to assist the Compensation Committee in the performance of its duties, including the authority to approve the consulting firm's fees and other retention terms; and (ix) perform such other duties with regard to the compensation of the executive officers and other key executives of the Fund as the Board may request.

Senior Executives in 2015 include the President and CEO, the Executive Vice President and CFO as well as the President and COO, US Operations (“Senior Executives”). Compensation for Senior Executives that report directly to the CEO is subject to approval by the CEO, Compensation Committee and the Board. The CEO’s compensation is subject to approval by the Compensation Committee and the Board. The executive officers of the Fund include the Senior Executives as well as the other officers of the Fund, BGI and its subsidiaries (“Executive Officers”).

Compensation Practices

The Compensation Committee maintains a number of key executive compensation governance practices that are consistent with best practices and align with unitholder interests. The following practices pertain to the Senior Executives as well as the other Executive Officers excluding the President, Canadian Operations, Regional Vice-Presidents of Operations and certain other Executive Officers. These excluded Executive Officers continue to be compensated based on historical practices that include base salary and cash bonus opportunity determined in reference to financial performance of relevant and applicable business units.

WHAT WE DO

- √ Pay for performance: 66% of the target compensation for the CEO is at-risk pay, variable, contingent on performance and not guaranteed
- √ Performance based vesting: 100% of the long-term incentive vests based on absolute performance and relative total shareholder/unitholder return (“TSR”) results
- √ Benchmarking: The Fund benchmarks executive compensation against a size and industry appropriate comparator group and targets compensation at or below the median of the group; actual compensation (base salary and all at-risk compensation) can be positioned at or about the 75th percentile of the comparator group, but only if performance warrants
- √ Caps on incentive payouts: The CEO’s short term incentive is designed to pay out at a maximum of 167% of target and the CEO’s long term incentive is designed to pay out at a maximum of 183% of target. Caps for other Executive Officers are below these maximums.
- √ Anti-hedging: Trustees, Directors, executives and other employees are prohibited from hedging related to the Fund’s units
- √ Independent advice: The Compensation Committee receives compensation advice from an independent advisor
- √ Modest benefits and perquisites: These are a small part of total compensation and are market competitive
- √ Double trigger: The severance provisions in our executive employment agreements and our long term incentives have double triggers in the event of a change of control.

(1) The CEO has a grandfathered single trigger on change of control.

WHAT WE DON'T DO

- x No repricing of stock options
- x No tax gross-ups
- x No value of equity awards included in pension calculations
- x Have no termination payments in excess of 2 times base salary and short term incentive

Independent Compensation Consultant

The Compensation Committee has engaged Meridian Compensation Partners (“Meridian”) as its independent executive compensation consultant. The engagement began on May 20, 2014. The mandate of the executive compensation consultant is to serve the Fund and to work for the Compensation Committee in its review of executive and Trustee compensation, including advising on the competitiveness of pay levels, executive compensation design issues, market trends and technical considerations. The nature and scope of services provided by Meridian to the Compensation Committee in 2015 included:

- Advice on the design and implementation of long-term incentives for the executives
- Ongoing support with regard to the latest relevant regulatory, technical and governance considerations impacting executive compensation
- Preparation for, and attendance at, Compensation Committee meetings and selected management meetings

The Compensation Committee does not direct Meridian to perform the above services in any particular manner or under any particular method. It approves all invoices for executive compensation work performed by Meridian. The Compensation Committee has the final authority to hire and terminate Meridian as its executive compensation consultant. Meridian has not provided any other services to the Fund, the Company or its subsidiaries, its Trustees, Directors or members of management other than executive compensation services. The aggregate fees related to the executive and Trustee compensation services paid to the consultant for the past two years were:

Type of Work	2015	2014
Services related to executive and Trustee compensation	\$23,966	\$37,900
All other fees	Nil	Nil
Total	\$23,966	\$37,900

Compensation Benchmarks

In establishing compensation levels for Senior Executives, the Compensation Committee uses a variety of benchmarks from time to time and assesses the appropriateness of compensation in relation to the competitive marketplace. The market data was one factor for the determination of 2015 executive compensation. While market data is a useful tool to support decision making and oversight of

compensation, it represents a descriptive point of reference rather than a prescriptive “right amount”. The Compensation Committee interprets the information in the context of the Fund and its strategy, together with the executives’ roles, experience and value to the organization.

The Fund’s Senior Executives are responsible for managing an organization with significant revenue from U.S. operations, with few comparable Canadian companies. These are key criteria in defining the marketplace and peer companies used to establish competitive compensation levels for the Senior Executives. The Fund must look beyond Canadian companies and include U.S. companies in the peer group in order to capture a sufficient number of companies of comparable size and complexity, and viable pool for talent.

The peer group used in benchmarking 2015 compensation levels for Senior Executives, including the Named Executive Officers identified in this information circular, was approved by the Compensation Committee. The peer group includes companies operating in a similar industry as well as those of a size appropriate range and scope to the Fund and its Subsidiaries in terms of revenue, enterprise value and market cap. The peer group selection criteria include publicly traded industry specific companies, financial and operational comparability, nature and scope of operations, and represent the market for executive talent. The peer group is comprised of the 17 North American based companies listed below and provides a robust sample to ensure that changes made by a single company do not unduly influence benchmark data. The peer group includes a selection of companies from other relevant industries, since there are few comparable automotive aftermarket companies.

For the Senior Executives in 2015, total direct compensation was generally targeted below the median of the companies identified below.

Compensation Risk

The Compensation Committee takes into account risks associated with compensation and has not identified any matters that are likely to have a material adverse effect on the Fund's performance. Areas of potential excessive risk-taking such as larger acquisitions are specifically scrutinized and approved by the Board, thus mitigating any adverse consequences. Estimates and accruals are reviewed by the Chair of the Audit Committee to monitor this area of judgment. The Compensation Committee assists the Board in its oversight role ensuring that the compensation program and awards are aligned with the Fund's risk management objectives, including its risk appetite. The Compensation Committee is responsible for considering, establishing and reviewing executive compensation programs, and whether the programs encourage unnecessary or excessive risk taking. The Compensation Committee also reviews the incentive compensation arrangements to confirm that they do not encourage unnecessary risk taking. The Compensation Committee believes the programs are balanced and do not motivate unnecessary or excessive risk taking.

Below are some of the governance practices, policies and inherent design elements of the Fund's compensation program that help to manage and mitigate risk in executive compensation:

- Caps on pay-outs and threshold performance levels for the short and long-term incentives to prevent excessive payouts and to act as a disincentive against excessive risk-taking
- All of the new long-term incentive is subject to performance vesting criteria that are tied to shareholder and corporate success as previously outlined – a relative total shareholder return measure and a capital return measure
- A new long-term incentive granted every year, payable over a three year period, to mitigate the risk of behavior that would seek only to maximize a multi-year / one-time large award
- The Compensation Committee is comprised of independent Trustees
- The Compensation Committee engages an independent consultant who helps select the comparator groups for benchmarking purposes
- Well-articulated total compensation strategy with a well-balanced mix of fixed and variable pay elements
- Explicit competitive positioning objectives (and rigorous, deliberate processes for linking pay levels, competitive targeting and performance assessment of senior executives)
- An Insider Trading Policy that prohibits the Trustees, Directors, officers, executives and other senior managers from engaging in short selling or trading in puts, calls or options in respect of the Fund securities.

Adjusted EBITDA surpassed \$100 million reaching \$101.7 million, an increase of \$32.7 million or 47% from the prior year. It also reflects the following compensation changes in 2015 compared to 2014: i) salary increase of \$185,000, reflecting a market based adjustment to position salary competitive with the 25th percentile of the peers; (ii) short term incentive payout of \$579,214; and (iii) vested long term incentive grant of \$362,488.

3. Key Compensation Actions for 2015

 - Base salary at \$335,000
 - Non-competition and non-solicitation covenants for a period of 12 months

Compensation Philosophy and Objectives

The philosophy of the Compensation Committee and the determination of executive compensation is pay-for-performance balanced against the need to provide a total compensation package that will enable the Fund, BGI and its subsidiaries to attract and retain qualified and experienced executives. The objective is to create value for unitholders primarily by growing earnings and achieving total shareholder return targets.

Furthermore, the components of the executive compensation program are relatively straightforward and include a base salary, performance-based short term incentive bonus and long-term incentives. In setting compensation levels, the Compensation Committee considers the Fund's financial results, market and survey data, input from senior management, executive performance and the overall business environment.

Principal Elements of Executive Compensation

Base Salary	Cash	All Executive Officers	Annual	Executive salaries are set with consideration to the executive's performance and experience with reference to competitive market salaries.
Short Term Incentive Plan ("STIP")	Cash	All Executive Officers except Regional Vice-Presidents of Operations, the President, Canadian Operations and certain other Executive Officers	1 Year	The STIP provides for annual incentive payments to Eligible Employees conditional on the achievement of Company-wide return metric and individual performance.
Short Term Incentive Plan ("STIP")	Cash	Regional Vice-Presidents of Operations, the President, Canadian Operations and certain other Executive Officers	1 Year	Awards are primarily based on the achievement of predetermined Adjusted EBITDA targets. In some cases, additional awards are available for the achievement of certain goals pertaining to sales, gross margin, cash flow, accounts receivable aging or other specific outcomes. Adjusted EBITDA targets and other goals vary between markets and/or individuals.

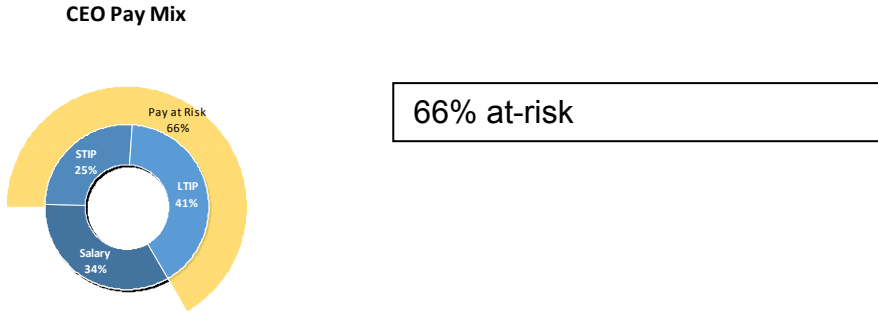

Long-term Incentive Program (“LTIP”)	Unit Options	President and CEO, of The Boyd Group Inc.	10 Year Term	The number of options granted is based on an assessment of intrinsic value of the options at the time of granting.
		President and COO of The Boyd Group (U.S.), Inc.		The value of vested options is based on appreciation of units during the ten-year option period.
	Performance Cash Awards (for the 2015 grant year)	All Executive Officers except Regional Vice-Presidents of Operations, the President, Canadian Operations and certain other Executive Officers	3 Year Term	Award granted under the Plan is denominated in cash and payable in cash over a three year period. Awards are adjusted upwards or downwards to reflect actual performance based on a return metric and a relative performance measure.
	Performance Cash Units (for the 2016 grant year in place of Performance Cash Awards)	All Executive Officers except Regional Vice-Presidents of Operations, the President, Canadian Operations and certain other Executive Officers	3 Year Term	Similar to Performance Cash Awards described above, except that they are valued by reference to Units of Boyd Group Income Fund. A Unit granted under the Plan is therefore notionally denominated in Units and payable in cash. Units are adjusted upwards or downwards to reflect actual performance based on a return metric and a relative performance measure.

Determining Executive Compensation

Compensation Targets

In setting compensation levels for Senior Executives, the Compensation Committee reviews salaries and total compensation for executives in similar positions, in similar businesses of a similar size. The Fund targets base salaries and total compensation below the median of the peer group. The charts below show the 2015 target mix for total direct compensation for the Senior Executives, and the amount of at-risk compensation. The Senior Executives’ compensation is as set forth in the Summary Compensation Table and was approved by the Compensation Committee.

Target Compensation Mix for CEO:

Average Target Compensation for Other Senior Executives:

Pay Mix for Pres., US Operations
and Exec. Vice-President & CFO

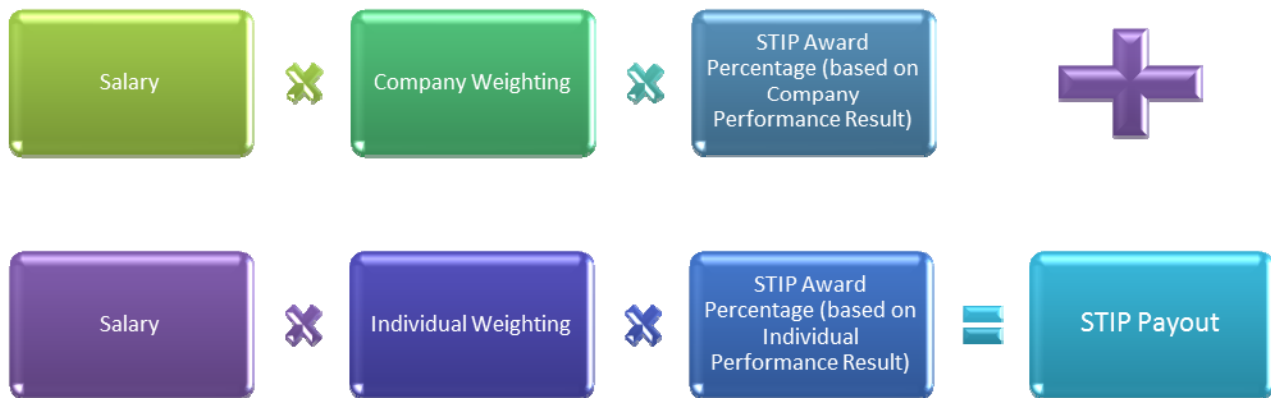

Base Salary

Individual salaries are set in relation to salary market comparisons and based upon the executive’s experience and demonstrated or expected performance. The salaries for the President and CEO and Executive Vice President and CFO for 2015 have been set pursuant to their employment contracts as described under “Employment Agreements”.

Short Term Incentive Plan

The STIP provides for annual incentive payments to Senior Executives and other Executive Officers conditional on the achievement of Company-wide and Individual performance. For 2015, Company performance is assessed based on pre-tax return on invested capital (“ROIC”). ROIC equals pre-tax “Adjusted EBITDA”¹ divided by “AIC (Average Invested Capital)”. AIC equals “IC (Invested Capital)” on January 1 at the beginning of the year plus the sum of IC at the end of each quarter, divided by 5. IC equals bank indebtedness (net of cash) + long term debt + other long term liabilities + equity. ROIC was selected as the measure because the philosophy of the Fund is that unitholder value can be created by earning and growing EBITDA and Adjusted EBITDA in relation to invested capital. It therefore ensures that capital allocation is taken into account to grow earnings.

Participating Senior Executives and other participating Executive Officers have a target incentive that is a percentage of salary. The level of payout is based on the following formula:

(1) EBITDA and Adjusted EBITDA are not recognized measures under Canadian generally accepted accounting principles (GAAP). EBITDA is defined as net earnings before interest, taxes, depreciation and amortization. Adjusted EBITDA further adjusts for items of an unusual nature as outlined and defined on page 13 of the Fund's 2015 Annual report. Management believes that in addition to net earnings, EBITDA and Adjusted EBITDA are useful supplemental measures as they provide investors with an indication of operational performance. Investors should be cautioned, however, that EBITDA and Adjusted EBITDA should not be construed as alternatives to net earnings determined in accordance with GAAP as an indicator of the Fund's performance.

For each component (Company and Individual), no award is earned unless the threshold performance result is attained (i.e. zero payout for performance result below threshold), and payouts are capped when the maximum performance result is attained.

For the participating NEOs, the table below sets out the weightings of the Fund and individual components:

Named Executive Officer	Company Weighing	Individual Objectives Weighting
Brock Bulbuck	80%	20%
Narendra "Pat" Pathipati	80%	20%
Dan Dott	80%	20%
Timothy O'Day	80%	20%

Annual payouts for participating NEOs are determined by reference to a target percentage of base salaries established by the Compensation Committee of the Board. The target payout percentages are:

Named Executive Officer	Below Threshold (% of Salary)	Threshold (% of Salary)	Target (% of Salary)	Max (% of Salary)
Brock Bulbuck	0%	37.5%	75%	125%
Narendra "Pat" Pathipati	0%	25%	50%	75%
Dan Dott	0%	30%	60%	75%
Timothy O'Day	0%	32.5%	65%	85%

The ROIC goals for 2015 are as set out in the table below:

Company Performance Metric	Threshold Company Performance Goal	Target Company Performance Goal	Maximum Company Performance Goal
ROIC	17%	23%	30%

Performance between threshold and target and between target and maximum results in a STIP payout percentage of salary that is determined on a straight-line or interpolated basis.

Beginning in 2016, individual objectives will be set at the beginning of each year in consultation with Senior Executives. Individual objectives will be in alignment with the Fund's corporate strategic imperatives. Once individual objectives have been identified, goals will be agreed upon for each objective that will be used to evaluate the Senior Executive's and other participating Executive Officer's performance and achievement of the particular objective. Goals are only required for 3 levels, threshold (minimum level of achievement required), target (expected level of achievement) and maximum (extent to which the objectives must exceed the target to receive the highest possible rating). Performance between threshold and target and between target and maximum results in a STIP award payout percentage that is determined on a subjective basis by Compensation Committee or the Executive's direct supervisor, as applicable. During 2015, the measurement of achieving objectives and goals was done subjectively as the plan was being developed and launched.

For 2015, the target ROIC was 23% and the Fund achieved 27.7%. This performance versus the target ROIC resulted in the participating NEOs receiving above target payout on the Company component of the STIP. The participating NEOs did receive individual weighting bonuses for their individual performance. A summary of the actual annual bonus paid to each NEO for 2015 is as follows:

Named Executive Officer	Salary	Company Component Paid For Achievement of ROIC Goal	Amount Paid Pursuant to NEO's Achievement of Individual Goals	Actual Amount Paid Pursuant to NEO's STIP
Brock Bulbuck	\$ 535,000	\$ 463,371	\$ 115,843	\$ 579,214
Narendra "Pat" Pathipati	\$ 428,398 ⁽¹⁾	\$ 228,360 ⁽¹⁾	\$ 57,091 ⁽¹⁾	\$ 285,451 ⁽¹⁾
Dan Dott	\$ 201,000	\$ 112,526	\$ 28,132	\$ 140,658
Timothy O'Day	\$ 434,792 ⁽¹⁾	\$ 272,374 ⁽¹⁾	\$ 68,094 ⁽¹⁾	\$ 340,468 ⁽¹⁾

(1) US denominated figures were converted at an average annual exchange rate of 1.2788 (2014 - 1.1047Cdn, 2013 - \$1.0301Cdn)

Certain other Executive Officers who are NEOs have remained in the prior short term incentive plan with awards based on the achievement of predetermined Adjusted EBITDA targets and other quantitative and qualitative factors:

Named Executive Officer	Adjusted EBITDA and Other Objectives
Kevin Burnett	100%
Rex Dunn	100%

Named Executive Officer	Salary	Adjusted EBITDA and Other Objectives
Kevin Burnett	\$ 262,154 ⁽¹⁾	\$ 393,231 ⁽¹⁾
Rex Dunn	\$ 271,415 ⁽¹⁾	\$ 285,757 ⁽¹⁾

Bonuses for Regional Vice-Presidents of Operations, the President, Canadian Operations, and certain other Executive Officers are based on Adjusted EBITDA pertaining to the performance of the segment or component of BGI's operations that is relevant to each Executive Officer. For bonuses to be earned, a minimum threshold of Adjusted EBITDA, subject to upward adjustment during the year for additional investment in new locations, is required to be achieved, after which a pre-determined portion of excess EBITDA over the threshold is earned as bonus.

Long Term Incentives

For 2015, the Fund introduced a new LTIP for Senior Executive and other Executive Officers, excluding the President, Canadian Operations, Regional Vice-Presidents of Operations and certain Executive Officers. The purposes of the LTIP are to: (i) support the achievement of the Company's performance objectives; (ii) ensure that interests of key employees are aligned with the success of the Company; (iii) provide compensation opportunities to attract, retain and motivate senior management critical to the long-term success of the Company and its subsidiaries; and (iv) mitigate excessive risk taking by the Company's key employees.

Prior to the introduction of the Plan, the Fund's executive compensation program did not provide an equity based component to all Executive Officers, and regular annual LTIP grants were not provided to Executive Officers, rather certain Senior Executives were provided ad-hoc long-term incentives through the grant of unit options as set out under 'Option Based Awards'.

(1) US denominated figures were converted at an average annual exchange rate of 1.2788 (2014 - 1.1047Cdn, 2013 - \$1.0301Cdn)

The Plan gives the Fund the flexibility to make the following types of grants to key employees employed both in and outside Canada:

- Performance Cash Awards which represent the right to receive payments, conditional, in whole or in part, upon the achievement of one or more objective performance goals. A Performance Cash Award granted under the Plan is denominated and payable in cash.
- Performance Cash Units which represent the right to receive payments valued by reference to Units of Boyd Group Income Fund, conditional, in whole or in part, upon the achievement of one or more objective performance goals. A Performance Cash Unit granted under the Plan is notionally denominated in Units and payable in cash.

The Compensation Committee set the 2015 target mix of the expected value of the long-term incentives at 100% Performance Cash Awards, with all of the grant subject to three year performance vesting. Performance Cash Awards are intended to be awarded only in 2015 to provide a one year transition to provide opportunity for cash compensation to be comparable to recent years.

The size of award, which is determined at the beginning of the year, is based on an executive's performance and the executive's future potential, in conjunction with competitive market compensation benchmark information. For 2015, the Fund granted the following target LTIP awards stated as a percentage of salary for each participating NEO:

Named Executive Officer	Below Threshold (% of Base Salary)	Threshold (% of Base Salary)	Target (% of Base Salary)	Max (% of Base Salary)
Brock Bulbuck	0%	60%	120%	220%
Narendra "Pat" Pathipati	0%	37.5%	75%	100%
Dan Dott	0%	40%	80%	100%
Timothy O'Day	0%	40%	80%	120%

(1) Other NEO's Kevin Burnett and Rex Dunn do not participate in the LTIP.

The Performance Cash Award will vest and be paid out pro-rata over a three-year period, subject to the terms of the Plan, provided the participant remains employed by the Fund under the Plan through January 1st of the year immediately following the last day of the relevant Performance Period, based on the following performance criteria:

- 50% based on achievement of ROIC of Boyd Group Income Fund
- 50% based on the Relative TSR¹ Performance of the Boyd Performance to a performance peer group

(1) Relative TSR is determined on the basis of percentile TSR performance relative to the comparator companies. Determining TSR requires a number of inputs, and is calculated as follows: [Fair Market Value of Share/Unit, on last day of performance period (10-day volume weighted average) less Fair Market Value of Share/Unit, on first day of performance period (10-day volume weighted average) plus Value of all distributions or dividends declared during the period] divided by Fair Market Value of Share/Unit, on first day of performance period (10-day volume weighted average).

The Performance Periods for the 2015 Award are (i) January 1, 2015 to December 31, 2015 for the 1/3 of the Target Award eligible to vest on January 1, 2016; (ii) January 1, 2015 to December 31, 2016 for the 1/3 of the Target Award eligible to vest on January 1, 2017; and (iii) January 1, 2015 to December 31, 2017 for the 1/3 of the Target Award eligible to vest on January 1, 2018.

If the participant does not remain employed by the Fund through January 1st of the year immediately following the last day of the relevant Performance Period, vesting is dependent on the nature of the termination of employment as follows:

- Resignation and Termination for Just Cause – all rights, title and interest with respect to Performance Cash Awards and Performance Cash Units which have not vested are forfeited.
- Termination without Just Cause, Death or Disability Termination – the extent of vesting will be determined by management of the Fund based on pre-defined formulas.
- Retirement – all Performance Cash Awards will continue to vest in the ordinary course, subject to future performance. Retirement means the cessation of the employment which is deemed to be a retirement by a resolution of the Compensation Committee.

The performance peer companies for this award are: Advance Auto Parts Inc., AutoCanada Inc., Autozone Inc., Lithia Motors Inc., Monro Muffler Brake, Inc., O'Reilly Automotive Inc., and The Pep Boys-Manny Moe & Jack. The performance peer group has changed for 2016, with Pep Boys-Manny Moe & Jack being replaced by Penske Automotive Group Inc.

The performance multiplier for each measure depends on the Fund's performance against each target. The Compensation Committee reviews and approves the ROIC performance targets and recommends them to the board for approval. Actual payouts for the ROIC measure vary from nil for below threshold performance levels, at target for target performance, or above target based on maximum performance levels. Threshold performance for relative TSR is 25% percentile of the performance peer group.

The tables below show how the Fund assesses performance against each measure for the plan participants, including NEOs.

The ROIC goals for the 2015 Award are as set out in the table below:

Company Performance Metric	Threshold Company Performance Goal	Target Company Performance Goal	Maximum Company Performance Goal
ROIC	17%	23%	30%

The Relative TSR goals for the 2015 Award are as set out in the table below:

Company Performance Metric	Threshold Company Performance Goal	Target Company Performance Goal	Maximum Company Performance Goal
Relative TSR	25 th Percentile	50 th Percentile	75 th Percentile

The assessments between the performance levels set out in the tables above are interpolated on a straight line basis.

For 2015, the Fund achieved a TSR result of 39.2%, resulting in relative TSR performance at the 86th percentile of the peers and vesting of the Relative TSR Performance criteria at maximum. The target ROIC was 23% and the Fund achieved 27.7%. This performance versus the target ROIC resulted in the ROIC criteria being earned at performance between target and maximum.

A summary of the actual amount vested on January 1, 2016 and paid to each NEO for the January 1, 2015 to December 2015 performance period, and the remaining target award eligible to vest on January 1, 2017 and January 1, 2018 are set out in the following table:

Option Based Awards

In the past, certain Senior Executives have been provided long-term incentives through the grant of unit options as set out under 'Incentive Plan Awards'. The Fund does not have a Unit Option Plan, but has granted options in the past as a component of compensation, for certain Senior Executives. Unit options have been granted to Brock Bulbuck, President and CEO of the Fund and to Timothy O'Day, President and COO of The Boyd Group (U.S.), Inc. Options to acquire 100,000 Units were granted to each of Brock Bulbuck and Timothy O'Day on January 11, 2006, and options to acquire an additional 225,000 Units were granted to each of Brock Bulbuck and Timothy O'Day on November 8, 2007. It was important to the Fund to secure the commitment of these key individuals and to align their interest with that of the unitholders' long-term interests. The options have a ten year vesting term from the date of grant. The methodology used to calculate the grant date fair value of these awards is through the use of a Black-Scholes model. No such awards were granted during the most recent financial year, and the Compensation Committee currently has no intention to grant options going forward.

Anti-Hedging Policy

Pursuant to the Fund's Insider Trading Policy, Fund executives and other insiders are prohibited from entering into short sales, put or call arrangements related to the Fund's units.

(1) US denominated figures were converted at an average annual exchange rate of 1.2788

(2) Dan Dott earned 100% of his LTIP amount between Jan 1, 2015 and Dec 31, 2015 due to his pre-announced retirement in late 2014.

Use of Discretion

The Board has the authority to amend performance measures and targets in relation to incentive programs and the related measurement of results in order to reflect business conditions, circumstances, and events not predicted when setting targets. The discretionary assessment of performance does not, however, form part of the design of incentive programs. During 2015, the Board did not exercise its authority to adjust the measures, targets or results of incentive programs.

Program Changes for 2016

The Compensation Committee has approved some further enhancements to the STIP and LTIP for 2016 as follows:

LONG-TERM INCENTIVES

Performance Cash Units have been granted for the 2016 grant year in place of Performance Cash Awards. Performance Cash Units provide further alignment with Unitholders because the Units are tied to Unit value, i.e., they have the additional benefit (and risk) of unit price appreciation (or loss of value) and distributions from date of grant to date of payment.

The performance peer group has changed for 2016, with Pep Boys-Manny Moe & Jack being replaced by Penske Automotive Group Inc.

SALARY ADJUSTMENTS

The NEOs received modest cost of living salary increases for 2016, except for the CEO who received no increase.

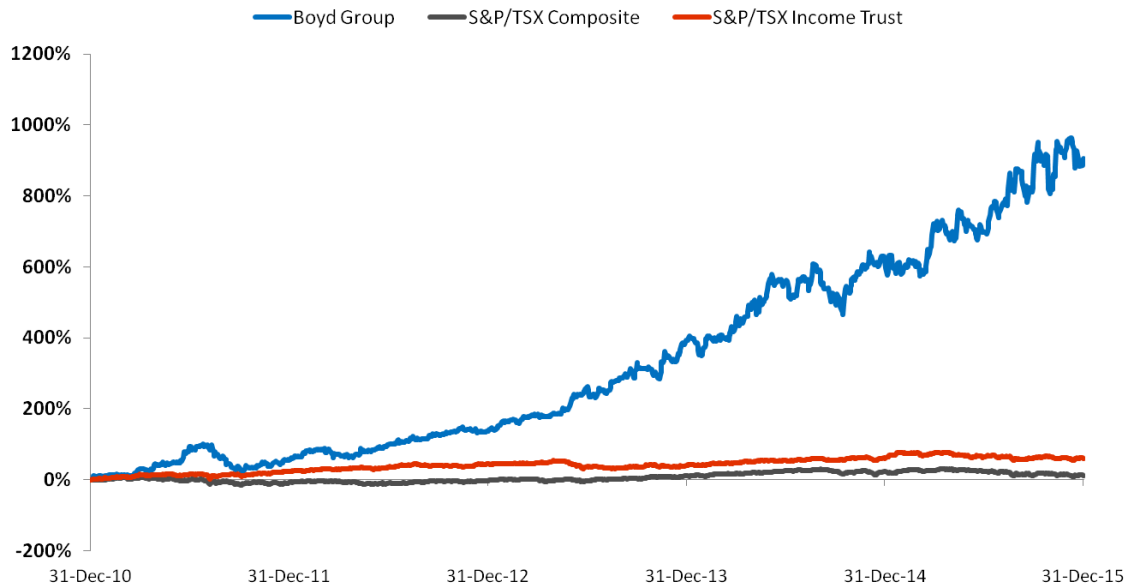

STIP DEFERRAL ELECTION

The LTIP provides for the opportunity (starting in 2016) for plan participants to elect to receive some or all of their STIP entitlements by way of Restricted Cash Units. Restricted Cash Units permit the deferral of STIP entitlements for up to two years. They are tied to Unit value, and therefore also carry the additional benefit and risk of Unit ownership over the deferral period.

Performance Graph

The following graph compares the cumulative total return on the Units since January 1, 2011, with the cumulative total shareholder return in the S&P/TSX Composite and S&P/TSX Income Trust indexes, assuming reinvestment of dividends/distributions, where applicable, for a comparable period.

Executive compensation is sensitive to performance. Salary adjustments and bonus arrangements consider the financial performance of the Fund and in times of poor performance, the Fund has reduced or eliminated salary increases or not approved a bonus plan for a period of time.

Given the linkage between the various elements of performance and at-risk pay calculations, and the significant weighting of variable compensation mix, the Fund's executive compensation is designed to reflect the performance drivers that should lead to related changes in shareholder return.

As shown in the graph above, for each of the past five years (from 2011 to 2015 inclusive), the Fund's Units have significantly outperformed the S&P/TSX Composite Index, and the S&P/TSX Income Trust Index. The five-year Fund total unit holder return since December 31, 2010 was 906.2%, more than 70 times greater than the 12.1% return from the S&P/TSX Composite Index over the same time period.

Over the five-year period, change in total compensation paid to NEOs increased quite moderately compared to the unit holders return.

(1) Effective September 1, 2010 the Fund established a retiring allowance for Mr. Bulbuck. The allowance has been formalized within a Retirement Defined Contribution Arrangement Trust Agreement made between Brock Bulbuck, BGI and a person appointed as Trustee and qualifies as a retirement compensation arrangement as defined in the Income Tax Act (Canada), RSC 1985, c.1 (5th Supplement), as amended. The agreement specifies that quarterly contributions will be made until the end of 2024 such that \$1,381,500 will be paid to the Trustee on behalf of the Brock Bulbuck retirement trust. In certain circumstances, including a change of control, the payments on behalf of Mr. Bulbuck could be accelerated.

Deferred Compensation Plans

Starting in 2009, certain senior U.S. employees, including the Executive Vice-President and CFO and the President and COO of The Boyd Group (U.S.), Inc. ("Boyd US"), became eligible to participate in the Fund's new deferred compensation plan for U.S. employees. The plan is designed to permit certain employees the ability to have a portion of their compensation paid into the plan. The plan is a funded plan for which a trust was established so that the plan assets could be segregated, however, the assets are subject to the general creditors of Boyd US in the case of bankruptcy. The assets are comprised of investments purchased to coincide with the individual employee's investment preferences. The value of the assets and obligation vary with employee's contributions and changes in the value of the investments.

Employment Agreements

The Fund has entered into executive employment agreements with each of the NEOs. In addition to compensation, the agreements set out the following key termination provisions.

Termination and Change in Control Benefits

For certain Executive Officers, the Fund also provides for pre-determined severance payments in cases of termination without cause, striving to provide appropriate payments that reflect the potential difficulty in obtaining comparable employment in a short period of time and provide for a complete separation between the terminated employee and the Fund. Similarly, the employment contracts for certain Executive Officers include payments in respect of termination of employment as a result of change in control provisions.

Termination and change in control benefits are included within the employment agreement for Brock Bulbuck. The severance benefits are two years salary, STIP and all other amounts and benefits that would otherwise have been paid during the remainder of the agreement. BGI may terminate employment without just cause upon payment and provision of the severance benefits. In the event that BGI has just cause for termination, employment pursuant to the employment agreements may be terminated immediately without notice or pay in lieu of notice.

Estimated Incremental Payment on Change of Control or Termination

The following table provides details regarding the estimated incremental payments from the Fund to the NEOs under the above-described agreements in the event of a change of control or termination without cause, assuming the event took place on December 31, 2015.

The Subsidiaries are listed in the Corporate Structure chart forming part of this Information Circular.

- (1) Officers of the Fund, who are also Trustees/Directors, receive no further compensation for their duties as Trustees/Directors. Their compensation is fully reflected in the Summary Compensation Table.
- (2) \$100,000 U.S. converted at an average annual exchange rate of \$1.2788.
- (3) \$59,946 U.S. converted at an average exchange rate for the Trustee/Director term (beginning May 2015) of \$1.3081.

Trustees/Directors, who are not officers of the Fund, are compensated for duties performed for, or on behalf of, the Board of Trustees/Directors. Fees paid to Trustees/Directors are for duties performed as a Trustee as well as duties performed as a Director of BGI and BGHI. The Board determines the level of compensation for Trustees/Directors, based on recommendations from the Compensation Committee. The Board reviews Trustee/Director compensation as needed, taking into account time commitment, risks and responsibilities to ensure that the amount of compensation adequately reflects the responsibilities and risks of being a Trustee/Director and makes adjustments as deemed necessary. The Board also takes into consideration the Trustee/Director compensation relative to the same peer group used for benchmarking executive compensation. Annual independent Trustee/Director compensation changed effective July 1, 2014 as follows:

- (i) Annual retainer of \$100,000 Canadian for Canadian Trustee/Directors and \$100,000 U.S. for U.S. Trustee/Directors.
- (ii) Additional Board Chair retainer of \$90,000
- (iii) Annual premium Audit Committee Chair retainer of \$5,000
- (iv) Annual premium Compensation Committee Chair retainer of \$2,500

Under this compensation arrangement, Trustees/Directors no longer receive separate meeting attendance fees. Trustees/Directors are entitled to be reimbursed for reasonable travel expenses and other expenses incurred by them in attending meetings of the Board of Trustees/Directors or meetings of committees thereof. For 2016, 85% of total compensation is in respect of duties performed as a Director of BGI and BGHI, with the remaining 15% for duties performed as a Trustee of BGIF.

Trustees' Unit Ownership Requirements

For 2016, the Trustee ownership requirements have been defined as follows: The minimum shareholding requirement for all Trustees will be 3.0 times the total annual retainer or \$300,000 Canadian. The minimum shareholding requirement for the Board Chair will be 3.0 times the total annual retainer (inclusive of the additional Board Chair retainer) or \$570,000 Canadian. Committee Chair premiums shall not be included in the annual retainer calculations for the Trustees. In determining value held by a Trustee, the value of Deferred Share Units shall be included (see 'Director Deferred Share Unit Plan' below). A Trustee shall have 5 years from the date of the appointment to the Board to meet the requirements. Similarly, should the retainer be increased, the Trustee shall have 5 years to meet the increased ownership requirement. Once the minimum ownership level is met by a Trustee, he or she shall not be required to increase his or her ownership due to a decline in the unit/share price.

Director Deferred Share Unit Plan

The Board of The Boyd Group Inc. adopted a Directors Deferred Share Unit Plan on December 22, 2015, effective December 31, 2015. Certain features of the Directors Deferred Share Unit Plan are as follows:

- All non-employee Directors participate in the Directors Deferred Share Unit Plan, the purpose of which is to attract, retain and motivate qualified and experienced individuals to serve as Directors and to align the interests between non-employee Directors of the Board and Unitholders. The Directors will receive a portion of their compensation in notional shares of BGHI.
- The Directors Deferred Share Unit Plan allows Directors of BGI and BGHI to elect to receive up to 100% of their total Director compensation as an award of deferred share units. A minimum of 60% of total Director compensation will be awarded in deferred share units beginning January 1, 2016. Fees received as Director compensation for duties performed for BGI and BGHI are eligible for the Deferred Share Unit Plan. Fees received as Trustee compensation for duties performed for BGIF are not eligible for the Deferred Share Unit Plan. The election for the additional amount to be deferred must be made by not later than the last day of the calendar year preceding the year to which the payment relates.
- The Director Deferred Share Unit Plan is administered by the Compensation Committee.
- A deferred share unit is the right to receive cash payment based on the value of the Class A common shares of BGHI by means of a bookkeeping entry to an account in the name of the Director.
- Deferred share units are credited to the Director's account on the second payroll in the third month of each quarter (i.e. March, June, September, December), the number of which is determined by dividing the amount of the applicable portion of the Director's annual retainer by the fair market value of a Class A common share on that date.
- The number of deferred share units to which a participant is entitled will be adjusted for the payment of dividends or other cash distributions on the Class A common shares in accordance with the Directors Deferred Share Unit Plan.
- A deferred share unit entitles the holder to an amount in cash equal to the fair market value of a Class A common share on the day that is one hundred and twenty (120) days after the date the Director ceases to hold any position with The Boyd Group Inc. as a director, officer or employee, excluding any period of statutory or reasonable notice or any period of salary continuation or deemed employment.
- In the event of any subdivision, consolidation, reclassification, amalgamation, consolidation, merger or any other relevant changes, proportionate adjustments as are appropriate to reflect such a change will be made with respect to the number of deferred share units credited to the deferred share unit accounts.

- Subject to applicable laws, a Director may designate in writing a person who is a dependent or relation of the Director as a beneficiary to receive any benefits that are payable upon the death of the Director.
- The deferred share units will not be assignable by a Director.

Exchange of BGHI Class A Shares

The holders of BGHI Class A Shares are entitled to retract their BGHI Class A Shares at any time whereupon BGHI must exchange Class B common shares of BGHI ("BGHI Class B Shares") for Units of the Fund on a one for one basis, pursuant to the terms of the Exchange Agreement.

Pursuant to the terms of the Exchange Agreement, BGHI shall subscribe for Units in an amount equal to the number of BGHI Class A Shares retracted from time to time by its shareholders and pursuant to BGHI's direction, the Fund shall issue Units to the BGHI shareholders in return for one BGHI Class B Share for each Unit so issued. BGHI is entitled to receive dividends pursuant to its ownership of Class II shares of BGI, if, as and when declared by the Board of Directors of BGI. Subject to payment of a preferential dividend at the rate of \$0.005 per share on the Class I shares of BGI, annual dividends payable on each Class II share of BGI in any year were to be in an amount to be not less than the amount of distributions paid on each Unit of the Fund for such year.

Directors and Officers Liability Insurance

The Fund has arranged, at its cost, insurance against liability incurred by Trustees and officers of the Fund and Directors and officers of the Subsidiaries under three separate insurance policies issued by AIG Insurance Company of Canada, Ace INA Insurance Company and Zurich Insurance Company. These policies, in combination, provide for maximum coverage of \$30 million for each loss, subject to a combined \$30 million aggregate limit per year. Additional coverage of \$10 million exists with Ace INA Insurance Company and Zurich Insurance Company and sits on top of the \$30 million as excess coverage for the sole protection of Trustees and Officers of the Fund and Directors and Officers of the Subsidiaries.

Indebtedness of Trustees and Executive Officers

As of the date hereof, except as described below, no individual who is a Trustee or Executive Officer of the Fund, or at any time during the most recently completed financial year of the Fund, was a Trustee or Executive Officer of the Fund or any of its subsidiaries, is indebted to the Fund.

The following table sets forth the aggregate indebtedness, excluding “routine indebtedness” (as defined under applicable securities laws), to the Fund and its subsidiaries of current and former Trustees, Executive Officers and employees of the Fund or its subsidiaries as at the record date. This indebtedness consists of loans made under the Senior Managers Unit Loan Program.

AGGREGATE INDEBTEDNESS			
Purpose	To the Fund or its Subsidiaries	To Another Entity	Security ⁽¹⁾
Unit purchases	\$547,749	nil	\$5,250,653
Other	nil	nil	nil

⁽¹⁾The Fund holds as security the physical underlying unit certificates related to these loans. The value of these units at the December 31, 2015 closing price of \$66.10 per unit was \$5,250,653.

To broaden and deepen management ownership in the Fund, BGI established the Senior Managers Unit Loan Program (“Unit Loan Program”) in December 2012, which facilitated the one-time purchase of 86,191 of trust units by existing Boyd senior managers. Only senior managers were eligible to receive loan support, and only up to 75% of each senior manager’s purchase. The loans bear interest at a fixed rate of 3% per annum with interest payable monthly. Each year, two percent of the original loan amount will be forgiven and applied as a reduction of the loan principal for the first five years of the loan. This forgiveness is conditional of the employee being employed by BGI and the employee not being in default of the loan. Participants are required to make monthly payments equal to .25% of the original principal amount plus interest. Beginning March 31, 2013, participants are required to make additional minimum repayments of principal equal to the lesser of 12.5% of their annual pre-tax bonus or 12.5% of the original loan amount. Participants are required to repay the loan in full on the earlier of: termination of employment, sale of the units, ten years from the date of loan issuance. The loan can be repaid at any time without penalty; however, the 2% annual forgiveness would be forfeited. Units purchased are held by BGI as security for repayment of the loan. At December 31, 2015, the carrying value of loans made under the Unit Loan Program included in Note Receivable was \$547,749.

The table below shows each individual who is, or at any time during the most recently completed financial year was, a Trustee, Director or Named Executive Officer of the Fund or its subsidiaries who is, or at any time since the beginning of the most recently completed financial year of the Fund has been, indebted to the Fund or any of its subsidiaries.

In certain circumstances BGI or Boyd US has entered into property lease arrangements where an employee of BGI or Boyd US is the landlord. The property leases for these locations do not contain any significant non-standard terms and conditions that would not normally exist in an arm's length relationship, and the Fund has determined that the terms and conditions of the leases are representative of fair market rent values. The following are the lease expense amounts for facilities currently under lease with related parties:

Board of Trustees Charter

Purpose

The Boyd Group Income Fund's (the "Fund's") Board of Trustees ("Board") oversee, directly and through its committees, the affairs of the Fund, which are conducted by its officers and employees under the direction of the Chief Executive Officer ("CEO") and the business and affairs of its subsidiaries. The Board is to act at all times with a view to the best interests of the Fund and its Unitholders. The Board's powers are derived from the Amended and Restated Declaration of Trust dated as of February 25, 2003, as amended, (the "Trust Declaration") constituting the Fund.

The Board shall meet regularly to review the business operations and corporate governance and financial results of the Fund.

Organization and Composition

Nominees for Trustees are initially considered and recommended by the Governance & Nomination Committee of the Board, approved by the Board and elected annually by the Unitholders of the Fund.

A majority of Trustees comprising the Board must be independent within the meaning of all applicable laws, regulations, securities policies and instruments, and listing requirements to which the Fund is subject. The Fund may also include Trustees drawn from senior management as the Board believes this combination leads to a constructive exchange of views in Board deliberations resulting in objective, well-balanced and informed discussion and decision making.

Trustees who are not members of management will meet regularly without management present and without any Trustee who is not considered an unrelated and independent Trustee in accordance with the above provisions to discuss matters of interest independent of any influence from management. These sessions will be led by the Chair of the Governance & Nomination Committee.

Certain of the responsibilities of the Board referred to herein may be delegated to Committees of the Board. The responsibilities of those Committees will be as set forth in their terms of reference, as amended from time to time.

Responsibilities

The Board's responsibilities include, without limitation to its general mandate as set forth in the Trust Declaration, the following specific responsibilities:

- The assignment to committees of Trustees of the general responsibility for developing the Fund's approach to: financial reporting and internal controls; disclosure practices; corporate governance issues and the nomination of Trustees; and the compensation of officers and employees.
- To appoint a competent senior management team and to oversee the management of the business.
