

Gerber Collision & Glass Opens Repair Location in Louisiana

Chicago, Illinois – October 2, 2018 – The Boyd Group Inc. (the “Boyd Group”) today announced the September 27, 2018 opening of a collision repair location in Lafayette, Louisiana. This brownfield development previously operated as a car dealership and most recently a car repair center. Now a Gerber location, this center is located directly off of U.S. Route 167, which spans from Northern Arkansas to Southern Louisiana. Lafayette is located in southwestern Louisiana and is the fourth largest city in the state.

“This newly developed center is located seven miles west of the first location we opened in Lafayette last year” said Tim O’Day, President and COO of the Boyd Group. “We are pleased to be building Gerber’s presence in southwestern Louisiana and expanding our capacity to serve our customers and insurance partners in the area.”

The Boyd Group is continuously looking to add new collision repair locations to its existing network in Canada and the U.S. Interested collision repair center owners are asked to contact Stephen Boyd at the contact coordinates below for more information.
